

About us

Crafternoon Tea London was born from a love of combining crafts, wellness and cake! We have been hosting craft workshops, private parties and corporate events since 2018. Engaging in a creative activity is an alternative to typical work events - we come to you and create a workshop designed to be mindful, fun and creative!

In Summer, we offer **plant pot painting workshops!** Take a look at the options and contact us to discuss how we can help.

Corporate Workshops

We offer a range of packages to inject some fun into your office party. Whether it be a summer party, celebration or wellness day, we can tailor your event to suit you.

Leave the activities, nibbles and drinks to us - we can provide a full 'crafternoon experience' and take the hassle out of the organising.

We also have a number of activity options, and can work with you to decide what suits your team the best.

Our packages

We can tailor food & drink options to suit you, please just ask. Our standard packages include the following:

- pot painting tutorial
